PROFESSIONAL SUMMARY

Software Engineer with over **3 years of experience** with expertise in React, TypeScript and PHP, developing and optimizing web applications. Proficient in modern frameworks and cloud technologies, focused on scalable, high-quality solutions. Experienced in improving system performance and reliability while collaborating with cross-functional teams.

SKILLS

- **Programming Languages:** PHP, JavaScript, TypeScript
- **Frameworks:** Laravel, ReactJS, NextJS
- **Databases:** MySQL, Firebird
- **Cloud & DevOps:** AWS, Docker
- **Frontend Technologies:** Tailwind CSS, Bootstrap
- **Version Control:** Git, Github

WORK EXPERIENCE

Automafour Desenvolvimento De Sistemas LTDA   *September 2021 – April 2024*

Software Engineer

- Worked extensively with a range of technologies including **PHP**, **Laravel**, **MySQL**, **Firebird**, **Javascript**, **Typescript**, **ReactJS**, **NextJS**, **Tailwind CSS**, **Docker** and **AWS** to build and optimize systems.

- Developed an innovative tax product control system, enhancing financial tracking efficiency.

- Maintained and improved existing systems, reducing bugs and enhancing performance through optimized testing strategies.

- Managed cloud infrastructure and deployments using **AWS** services, ensuring 99% system uptime.

- Collaborated with cross-functional teams to deliver solutions aligned with client needs.

Web Developer (Freelancer)   *February 2021 – September 2024*

- Designed and developed custom websites for small and medium businesses, personal blogs, portfolios and e-commerce platforms.

- Ensure responsive design across various devices using frameworks like **Bootstrap** and **Tailwind CSS**.

- Collaborated closely with clients to understand specific requirements and deliver tailor-made solutions.

EDUCATION

Systems Analysis and Development

Estácio De Sá University - Cachoeirinha, Brazil

January 2020 – April 2023
